ACCIDENT, LICENSE AND REGISTRATION STATISTICAL DATA

INTRODUCTION

MOTOR VEHICLE STATISTICS is a valuable reference for everyone involved in traffic safety activities.

This publication is organized into two major parts:

Part One contains two segments; the first is a detailed report of 1984, 1983 and 1982 accidents. The second segment contains historic accident data to permit the analyst to note trends and make comparisons. Part Two includes facts about driver licenses and vehicle, motor boat, and snowmobile registrations.

The accident statistics sections are based, in part, on written reports from both motorists and police agencies. I am sure you will find the data included here to be of value in understanding, comparing and analyzing the safety record on New York State Highways.

ADVISORY TO USERS

The computerized accident statistics file from which much of the data presented is derived is a dynamic file, continually being updated. Because of this, on occasion, numbers appearing on different tables in this report but purportedly representing the same data item may differ very slightly having been extracted from the file at different points in time.

ACCIDENTS AND ACCIDENT REPORTS *

Accidents; police authorities and coroners to report. Every police or judicial officer to whom an accident resulting in injury to a person shall have been reported, pursuant to the foregoing provisions of this chapter, shall immediately investigate the facts, or cause the same to be investigated, and report the matter to the commissioner forthwith; provided, however, that the report of the accident is made to the police officer or judicial officer within five days after such accident. Every coroner, or other official performing like functions, shall likewise make a report to the commissioner with respect to all deaths found to have been the result of motor vehicle or motorcycle accidents.

Reports; contents; preparation; distribution; filing. Reports of accidents required under the preceding section, or under the rules and regulations of the commissioner, shall be upon forms prepared by him and contain such information as he shall prescribe. Blank forms for such reports shall be printed by the commissioner and a supply sent to all city, town and village clerks and to the chief officer of every city police department for general distribution and use as herein provided. Reports of accidents, required under the preceding section, shall be sent to and filed with the commissioner at the main office of the bureau of motor vehicles in the city of Albany, except as otherwise provided by the rules and regulations of the commissioner.

Report required upon accident. (a) Every person operating a motor vehicle which is in any manner involved in an accident, anywhere within the boundaries of this state, in which any person is killed or injured, or in which damage to the property of any one person, including himself, in excess of four hundred dollars is sustained, shall within ten days after such accident report the matter in writing to the commissioner. If such operator or chauffeur be physically incapable of making such report and there be another participant in the accident not incapacitated, such participant shall make such report within ten days after such accident. If the operator or chauffeur involved in such accident be unable to make such report, the owner of the motor vehicle involved in such accident, if such owner be not involved in such accident or incapacitated, shall within ten days after he learns of the fact of such accident report the matter to the commissioner together with such information as may have come to his knowledge relating to such accident. Every such operator or chauffeur of a motor vehicle, or participant in any such accident, or owner of the motor vehicle involved in any such accident, shall make such other and additional reports as the commissioner shall require.

(b) Failure to report an accident as herein provided or failure to give correctly the information required of him by the commissioner in connection with such report shall be a misdemeanor and shall constitute a ground for suspension or revocation of the operator's (or chauffeur's) license or all certificates of registration for any motor vehicle, or of both, of the person failing to make such report as herein required. In addition, the commissioner may temporarily suspend the driver's license or permit or certificate of registration of the motor vehicle involved in the accident, or of both, of the person failing to report an accident within the period prescribed in subdivision (a), until such report has been filed.

(c) In the case of a non-resident the failure to report an accident as herein provided shall constitute ground for suspension or revocation of his privileges of operating a motor vehicle in this state and of the operation within this state of any motor vehicle owned by him.

(d) The report required by this section shall be made in such form and number as the commissioner may prescribe.

*Title VI - Article 22 Section 603, 604 and 605 - New York State Vehicle and Traffic Law

NOTE: Effective 9/1/85 the reporting level for property damage accidents was changed to $600.
